

Overview

The eSD® Mobile Parent platform is a streamlined, intuitive site that makes it easy for parents to increase involvement in their student's education using the power of information while on-the-go. The eSD® Mobile Parent allows for instant online access to current and relevant information that will enhance your involvement with your student's academic career.

Unlike a mobile app, users do not need to download anything to access eSD® Mobile Parent. All that is needed is an internet browser and an internet connection, which allows the eSD® Mobile Parent site to be easily accessed by both Apple and Android smartphones and tablets.

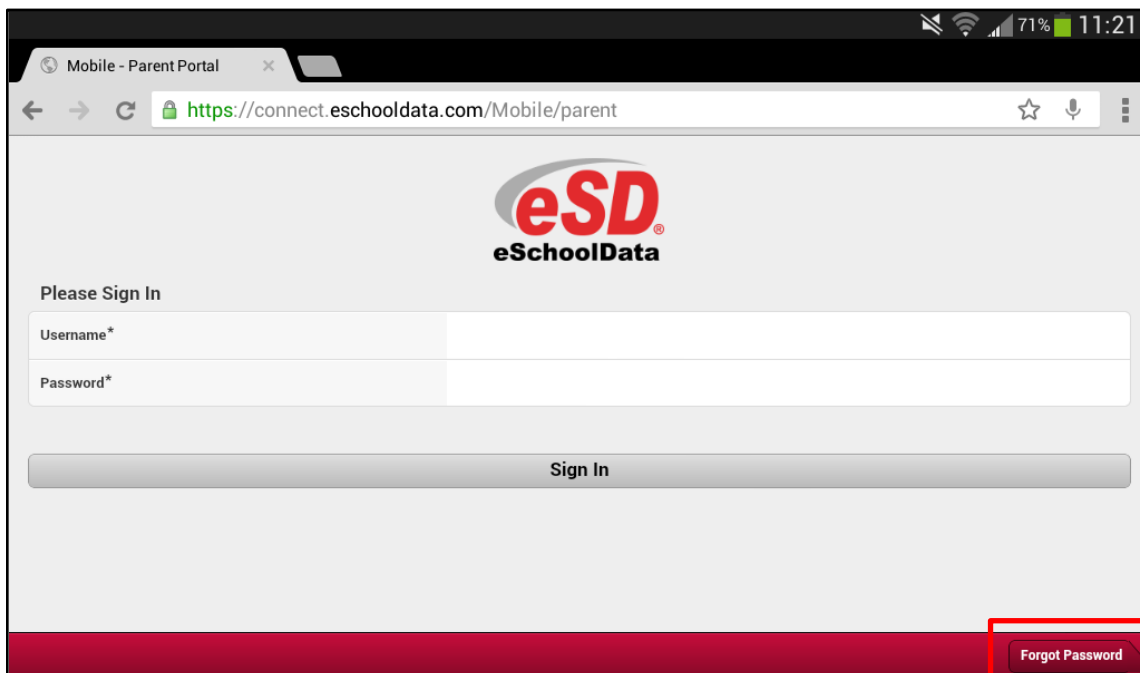

This guide provides step-by-step instructions for parents to login and access information through eSD® Mobile Parent.
